This Privacy Policy explains how **Quickwrks** (“Quickwrks,” “we,” “us,” or “our”) collects, uses, stores, and protects personal data submitted through the customer service-request form available on quickwrks.com (“Website”).

3. Marketing communications

Quickwrks may use the contact details provided in the form for marketing communications only where the applicable consent or other lawful basis permits such use.

Marketing consent should be separate from consent required to process and respond to a service request. You may withdraw marketing consent at any time by contacting Quickwrks through the contact details published on the Website or by using the unsubscribe option included in a marketing communication.

Withdrawal of marketing consent will not affect processing already carried out lawfully before withdrawal.

4. Evaluation and communication

After receiving a service request, Quickwrks may evaluate the request based on its requirements, feasibility, suitability, available resources, service capacity, and other business considerations.

Quickwrks may accept, reject, close, or decline to proceed with a request. If Quickwrks contacts you regarding the request and does not receive a response within **seven days**, Quickwrks may treat the request as closed or rejected.

If the request is accepted for further consideration, Quickwrks may enter into a separate one-to-one agreement with you. That agreement will govern the specific service, price, payment, refund, cancellation, delivery, and other customer-specific terms.

11. Updates

Quickwrks may update this Privacy Policy to reflect changes in its services, processing practices, legal requirements, or technology.

Recommended form checkbox

For the service-request form, use separate wording for service communication and marketing:

Required checkbox:

☐ I agree to Quickwrks processing the personal data I submit to review and respond to my service request in accordance with the [Privacy Policy].

Separate optional marketing checkbox:

☐ I agree to receive marketing communications, offers, and service updates from Quickwrks. I understand that I may withdraw this consent at any time.

The marketing checkbox should not be combined with the required service-request checkbox because the two permissions have different purposes. Current DPDP guidance emphasises clear, specific, purpose-based notices and consent.
